Board Meetings

The Board welcomes all homeowners to attend and participate in our open board meetings. The Open Forum portion of the meeting will be held first and this is your opportunity to have your issues heard by the Board, Association Manager, and others present. The Board Meeting will begin and will be limited to discussions of agenda matters among the members of the Board.

Community Website

www.cplakes.org

Dumping:

It has been noticed that illegal dumping is on the rise. Please remember that there is **no construction dumping** in the community dumpsters. Also do not dispose of furniture or large items in the dumpster enclosures. Please follow the directions below to dispose of offsite:

Disposing Other Items

Mattress • Appliance • Furniture • Used motor oil • Paint • Solvents • Batteries • Light bulbs, CFL • E-waste • Other items Disposal information at cplakes.com/disposal or Recology at (650) 967-3034

Pool Season

Just a few reminders as pool season is upon us. You are only allowed 4 guests at the pool. Owner needs to be present with guests. Also anyone younger than 16 needs to be with an adult. Reminder No glass allowed at pool or spa.

Spa

The heat has been set to a maximum allowable temperature of 104 degrees. Please don't press the red button unless there is an emergency since it will turn off power to the spa. If you 'd like to turn the jets off, please simply turn the dial back to zero.

Pool Heat—was turned back on April 15th. Please note residents are only permitted to have 4 guests at the pool at one time. Thank you for your anticipated cooperation. A copy of the rules Can be found on the website.

Laundry

Please do not overload washer machines. As this causes them to break down and the association incurs costs. Also do not sit on the laundry tables.

WHEN USING NEW APP PLEASE FOLLOW THESE INSTRUCTIONS:

Important Tip: Use the CSC Go App *FIRST* and *PAY* before touching the control console on washing or dryer machines.

Warning: if you touch the control panel first, then use the App, the machine thinks it's already in use! You will get an error message "machine is already in use" in the app and need to wait a few hours, until the machine re-sets.

Please close all doors (sliding and keyed door) when not in laundry room. Do not leave them open. Unfortunately, machine coin boxes have been vandalized.

Pet Owners - Please clean and wipe down washing machines and dryers after use to minimize pet hair in the laundry machines. A wet microfiber cloth works really well.

Important Numbers:

Mountain View Police Dept

Contact: 650-968-1661

Emergency /High Priority:

911 Non-Emergency Crime

Reports: 650-903-6395

Police General Info: 650-903-6344

Management Emergency Service after hours: 650-961-2630

Bike Storage:

Please remove any old bikes not in use. Please make sure all bikes are tagged with date put in locker and unit number. As there has been break ins and bikes stolen. Please look into updating your lock to:

Brand: Kryptonite model/ chain: Fahgettaboutit

Inspection Required: Check for the Original Mixet Valve in Your Bathroom

Some owners have reported that they are having issues with their water temperature and pressure. According to the plumbers, the original and old Mixet valves have cartridges inside that go bad over time. Once this happens it can compromise the water pressure and or water temperature in your unit or the unit of others in your building. We understand many have already replaced their shower/tub valves, but some units still have the original Mixet Valves, which would be attributing to issues in the water to other residents in their building. There are two sample photos below for reference. Owners will need to check or have their plumbers check. We encourage all owners with the old Mixet valves to have them replaced, to ensure you are not contributing to water issues in your building. Let's all work together on this issue!

Old Mixet Valve #1

Old Mixet Valve #2

Reach out to the property manager with any further questions about said valve, tdominguez@communitymanagement.com.

Here's How To Do: Plumbing Repairs in your Unit

If you need some plumbing work done to your unit, the procedure is as follows:

- Make arrangements with your plumber a week or so in advance
- Determine whether your plumber requires the water to be shut off to the building or only to your unit, such as under your sink; if only to your unit, there is no need to involve the Association
- Contact customer service at CMS (408-559-1977) and advise them that you will need to shut the water off to your building between 10 am and 2 pm on a Friday. Water is only shut off on Fridays. **CMS will provide you with a notice that must be posted on each banister for the entire building 3 day in advance of the shut-off. Please be sure to follow the instructions on the notice.**
- CMS will contact the HOA plumber and make arrangements for the water to be shut off as you requested, at the expense of the Association.
- Prepare notices for each of the units affected and post them at the bottom of the stairs **3 days (72 hours) before** water will be shut off.

IN AN EMERGENCY SITUATION:

- Follow the same procedure as above and give your neighbors as much notice as possible.

It is particularly important that the Association plumber be used to turn the water off and on as there is a procedure to be used due to the re-circulation of the pumps. **If you have your own plumber turn off the water and it is not turned back on correctly, or something gets broken, you will be responsible for the cost of repairs.**

Very Important – We Have Old Plumbing Pipes - Inform Residents

Our community has old plumbing pipes. Do NOT put any wipes down the toilet (even the ones that say “flushable” or “septic safe”). Only toilet paper may be put down the toilet. Also, please do not put any grease down the kitchen sinks, because it clogs the pipes.

Laundry Room Washer/Dryer Not Working?

Please take the following action to request service: 1). Using your smart phone browser, simply log a service ticket using the web page listed on the machine or <https://www.cscsw.com/request-service/>. Enter the machine number, fill out the form. It is quick and easy. 2). Scan the QR code on the poster above the washing machines. 3). Call the phone number on the machine. CSC will dispatch someone to come out and make the repair. 4). You can also email cs@communitymanagement.com. We will also issue a work order. However, logging a service ticket directly will get the ball rolling much quicker

Contact CMS FIRST:

As a homeowner experiencing any maintenance concerns like plumbing, electrical or termites, please call Management first. We can direct you how to handle as it may be covered under the HOA. When in doubt call management to help guide you through the correct protocols.

Community Reminders

- Dispose of trash and recycle in the appropriate bin. Keep the lids shut after use.
- Remember to clean the laundry machine, after use. Be respectful to other residents.
- No string lights allowed outside of units.
- Please do not leave shoes or shoe boxes/racks outside of units.
- Do Not leave wet clothes draped over wooden balcony.
- **Do Not plant or add potted plants in the common area , it kills vegetation.**
