Board Meetings

The Board welcomes all homeowners to attend and participate in our open board meetings. The Open Forum portion of the meeting will be held first and this is your opportunity to have your issues heard by the Board, Association Manager, and others present. The Board Meeting will begin and will be limited to discussions of agenda items among the members of the Board.

Community Website

www.cplakes.org

Meeting: Please note meeting date change for the month of July.

Community Summer Potluck: Please keep a lookout for notices of upcoming potluck scheduled for August 20th.

Dumpsters: Dispose of trash, compost and recycling in the appropriate bin. A guide is located at each mail kiosk of what goes where. Keep the lids shut after use. Do not prop open Dumpsters or Compost bins.

Annual Meeting: The CP Lakes annual meeting is scheduled for September 13, 2023. Please keep a look out for meeting notices and secret ballot mailings. Please mail back your ballots to ensure we get a quorum. If a quorum is not met ballots will have to be remailed at more costs to the HOA. Please help keep costs down and return your ballot.

Balconies

The balcony project has started. Please keep an eye out for all notices posted. Please follow all instructions given.

Vote via Post Card for Traffic Calming Measures along Central Ave:

The city of Mountain View has mailed each of our residents along Central Ave. a post card with possible traffic calming measures. Please make sure to return this post card to be counted in the vote. The city needs at least 50 more responses to enact any measures to slow traffic speeds along Central Ave.

Break ins: There has been reported car break ins. Please do not leave valuables in the car. Remember to lock the doors and set alarm. Please report any theft to the

Bike Storage and Bike Racks:

As there have been break ins and bikes stolen. Please look into updating your lock to: Brand:Kryptonite model/ chain: Fahgettaboutit

Please remove any old bikes not in use. Please make sure all bikes are tagged with date put in locker and unit number. Please make sure to close door and make sure door is locked and secure.

Spring Cleaning: It's Spring and time to clean up around your unit. Please remove any items in the common area, clean up patios and balconies and put shoe boxes within your unit. Remember that large items are to be rid of offsite and not in the community dumpsters. Sweep the cobwebs to keep spiders away.

Community Reminders

·Remember to clean the laundry machine, after use. Be respectful to other residents.

·No string lights allowed outside of units.

·Please do not leave shoes or shoe boxes/racks outside of units.

·Do Not leave wet clothes or towels draped over wooden balcony.

Do Not plant or add potted plants in the common area, it kills vegetation.

Do Not bring glass to the spa or pool area.

Do not leave food out for pets, it attracts rodents. Do not feed the wildlife, squirrels, birds, etc.

Inspection Required: Check for the Original Mixet Valve in Your Bathroom

Some owners have reported that they are having issues with their water temperature and pressure. According to the plumbers, the original and old Mixet valves have cartridges inside that go bad over time. Once this happens it can compromise the water pressure and or water temperature in your unit or the unit of others in your building. We understand many have already replaced their shower/tub valves, but some units still have the original Mixet Valves, which would be attributing to issues in the water to other residents in their building. There are two sample photos below for reference. Owners will need to check or have their plumber's check. We encourage all owners with the old Mixet valves to have them replaced, to ensure you are not contributing to water issues in your building. Let's all work together on this issue!

Old Mixet Valve #1

Old Mixet Valve #2

Reach out to the property manager with any further questions about said valve, tdominguez@communitymanagement.com.

Here's How To Do: Plumbing Repairs in your Unit

If you need some plumbing work done to your unit, the procedure is as follows:

- Make arrangements with your plumber **a week or so in advance**
- Determine whether your plumber requires the water to be shut off to the building or only to your unit, such as under your sink; if only to your unit, there is no need to involve the Association
- Contact customer service at CMS (408-559-1977) and advise them that you will need to shut the water off to your building between 10 am and 2 pm on a Friday. Water is only shut off on Fridays. CMS will provide you with a notice that must be posted on each banister for the entire building 3 day in advance of the shut-off. Please be sure to follow the instructions on the notice.
- CMS will contact the HOA plumber and make arrangements for the water to be shut off as you requested, **at the expense of the Association.**
- Prepare notices for each of the units affected and post them at the bottom of the stairs 3 days (72 hours) before water will be shut off.

IN AN EMERGENCY SITUATION:

Follow the same procedure as above and give your neighbors as much notice as possible.

It is particularly important that the Association plumber be used to turn the water off and on as there is a procedure to be used due to the re-circulation of the pumps. **If you have your own plumber turn off the water and it is not turned back on correctly, or something gets broken, you will be responsible for the cost of repairs.**

Very Important – We Have Old Plumbing Pipes - Inform Residents

Our community has old plumbing pipes. Do NOT put any wipes down the toilet (even the ones that say “flushable” or “septic safe”). Only toilet paper may be put down the toilet. Also, please do not put any grease down the kitchen sinks, because it clogs the pipes.

Please take the following action to request service: 1). Using your smart phone browser, simply log a service ticket using the web page listed on the machine <https://www.cscsw.com/request-service/>. Enter the machine number, fill out the form. It is quick and easy. 2). Scan the QR code on the poster above the washing machines. Call the phone number on the machine. CSC will dispatch someone to come out and make the repair. 4). You can also cs@communitymanagement.com. We will also issue a work order. However, logging a service ticket directly will get the ball rolling quicker.

Contact CMS FIRST:

As a homeowner experiencing any maintenance concerns like plumbing, electrical or termites, please call Management first. We can direct you how to handle as it may be covered under the HOA. When in doubt call management to help guide you through the correct protocols.

Important Numbers: Mountain View Police Dept
